NOTE TO: Director of Central Intelligence
FROM: Associate Deputy Director for Intelligence
SUBJECT: Appearance at the 544th Strategic Intelligence Wing's
Dining-In, Offutt Air Force Base, Nebraska

Given the theme "Evolution of Intelligence" I would be inclined to do something along the following lines:

- I. A scene setter for 1950
 - A description of the intelligence problems facing us in 1950.
 - A description of the nature of our intelligence sources.
 - Perhaps a short description of our intelligence product. (We could provide a couple of specific examples.)
- II. The setting in 1985.
 - Same as above.
- III. A look ahead into the future of intelligence problems -- the information and the demands of our customers.
